

If GM, Ford & Chrysler Extort More Concessions from Auto Workers – EVERY Working Family Will Lose

Threatening bankruptcy, GM, Ford and Chrysler issued plans demanding big concessions:

- **Cuts in wages and benefits totaling at least \$15 an hour**
- **Reduced funding to retiree medical care**
- **Elimination of worker protections – so called “work rules”**
- **Elimination of tens of thousands more jobs**
- **Plus an end to all company coverage during layoffs.**

George Bush offered loans to GM and Chrysler --

- **Attaching a REQUIREMENT that the workers give up all these concessions and do so by the end of 2009.**

Ford said that if GM and Chrysler get these concessions --

- **It expects to get as much from its workers.**

Barack Obama refused to criticize what Bush did, and then said:

- **Everyone will have to sacrifice.**

UAW President Gettelfinger objected, BUT only to say:

- **More time is needed to arrange these concessions.**
- **Everyone should sacrifice.**

It's a shameful SCAM – destroying our standard of living!

- **These companies made & gave away tens of billions of dollars.**
- **Let the wealthy who got all this money make the sacrifice.**
- **Workers have given up too much already – not one penny more!**
