

Stop the Concessions!

Here's what the bosses and their poodle politicians stole from us:

- Detroit teachers had their wages frozen since 2001, and “loaned” the school board \$500 every month since 2008. To be repaid? Fat chance!
- Detroit city workers took a pay cut in 2007, had another 10% pay cut imposed in 2010, and new hires had benefits slashed.
- Ford, GM and Chrysler workers had only one 2% wage rate increase since 2002. Retirees had none since 2000. Second-tier and third-tier wage rates for new hires put their families living close to poverty.
- State workers “loaned” the state thousands of dollars in 2003, '04 and 2010, and took wage cuts with “furlough” days in 2004 & '09.
- When autoworkers, state workers, city workers and teachers gave up concessions, everyone else took a hit!

What did the bosses and their flunkies do with the money?

- They didn't create jobs, nor rebuild the city or the state, nor improve the schools, nor make work easier, nor did they improve our lives!
- No, the bankers and the other capitalists pocketed billions of dollars stolen from us.

And still these filthy rich sleazes want more!

- 10% more from teachers, \$6,000 more from state workers, 10% more from city workers, slashed medical benefits from autoworkers.
- Contract or not, union or not, no one is safe.

Every one will lose, until someone starts to fight back.

- Who will be the ones to start? Workers at Ford, GM or Chrysler? State or city workers? Blue Cross workers? Teachers?
- Who will join them? You? Why not?
