

Tax Increase? Vote NO! But A Vote's Not Enough!

Republicans and Democrats want us to vote to increase the taxes we pay!

These thieves say they need more money to fix the roads!

- **Fix the roads?**
- **No, they want more money to give to the big corporations, which get tax break after tax break, year after year.**

The corporations already got a 1.7 billion dollar tax cut in 2011.

Working people paid for that tax cut to the corporations with an increase in our taxes totaling 1.4 billion dollars – a year.

- **Retirees now pay state income taxes on pensions.**
- **Low and middle income lost most of the homestead property tax credit.**
- **Minimum-wage workers lost a number of tax credits.**

Now the corporations want more.

- **240 companies are starting to claim part of the 11.7 billion dollars given to them in secret by Engler and Granholm.**

Why should we agree to tax ourselves more for them?

- **Paying more taxes reduces our standard of living.**

We can vote NO – to refuse to be robbed anymore!

But voting's not enough to stop these thieves from robbing us.

- **The only thing they understand is power – the organized force of people who join together to make a fight.**

Don't Let Lying Thieves Get Away with Robbing Us!
